

GFT184 Food Thermometer Product Manual

DESCRIPTION

GFT184 is a high-precision pen-type electronic digital thermometer. The product has a compact structure and high temperature measurement accuracy. The probe is protected by a pen cover, which is easy to carry and ensures that the probe is always clean and hygienic. Widely used in temperature measurement of food, barbecue, beverage, milk, meat, candy, etc.

PARAMETERS

- Range: $-50\sim+300^{\circ}\text{C}$ ($-58\sim+572^{\circ}\text{F}$)
- Resolution: 0.1°C or 0.1°F
- Accuracy: $\pm 1^{\circ}\text{C}$ (0 to 150°C), $\pm 2\sim 3^{\circ}\text{C}$ in other ranges
- Response time: 3~4S
- Waterproof rate: Life-grade waterproof
- Display: LCD
- Power: 1.5V(1*LR44)
- Auto shut off without operation for 10 minutes
- Material: Food grade 304 stainless steel probe, ABS housing
- Dimensions: 205*40*40mm
- Weight: 50g
